REMARKABLE PHENOMENON.

Mr. James Lumley, an old Rocky Mountain trapper, who has been stopping at the Everett House for several days, makes a most remarkable statement to us, and one which, if authenticated, will produce the greatest excitement in the scientific world.

Mr. Lumley states that about the middle of last September he was engaged in trapping in the mountains, about seventy five or one hundred miles above the Great Falls of the Upper Missouri, and in the neighborhood of what is known as Cadotte Pass. Just after sunset one evening he beheld a bright luminous body in the heavens, which was moving with great rapidity in an easterly direction. It was plainly visible for at least five seconds, when it suddenly separated into particles, resembling, as Mr. Lumley describes it, the bursting of a sky rocket in the air. A few minutes later he heard a heavy explosion, which jarred the earth very perceptibly, and this was shortly after followed by a rushing sound, like a tornado sweeping through the forest. A strong wind sprang up about the same time, but suddenly subsided.—The air was also filled with a peculiar odor of a sulphurous character.

These incidents would have made but slight impression on the mind of Mr. Lumley, but for the fact that on the ensuing day he discovered at a distance of about two miles from his camping place, that so far as he could see in either direction, a path had been cut through the forest, several rods wide, giant trees uprooted or broken off, and the earth plowed up in many places. Great and widespread havoc was every where visible. Following up this track of desolation, he soon ascertained the cause of it in the shape of an immense stone that had been driven into the side of the mountain. But now comes the most remarkable part of this story. An examination of this stone or so much of it as was visible, showed that it had been divided into compartments, and that in various places it was carved with *curious hieroglyphics*. Over this substance resembling glass, and here and there dark stains, as though caused by a liquid. He is confident that the hierogiyphics, were the work of human hands, and that the stone itself, although but a fragment of an immense body, must have been used for some purpose by animated beings.

Strange as this story appears, Mr. Lumley relates it with so much sincerity that we are forced to accept it as true. It is evident that the stone which he discovered was a fragment of the meteor which was visible in this section in September last. It will be remembered that it was seen in Leavenworth, in Galena, and this city by Col. Bonneville. At Leavenworth it was seen to separate in particles or explode.

Astronomers have long held that it is probable that the heavenly bodies are inhabited—even the comets—and it may be that the meteors are also. Possibly meteors are used as a means of conveyance by the inhabitans of other planets in exploring space, and it may be that hereafter some future Columbus, from Mercury or Uranus, may land on this planet, by means of a meteoric conveyance, and take full possession thereof—as did the Spanish navigators of the New World in 1492, and eventually drive what is known as the "human race" into a condition of the most abject servitude. It has always been a favorite theory with many that there must be a race superior to us, and this may at some future time be demonstrated in the manner we have indicated.

EFFECTS OF FEAR.—The extraordinary power exerted by fear over the human mind was once strongly exhibited in Vienna, in a remarkable manner. Doctor F——, an eminent physician, obtained leave from the local authorities to try his experiments upon the person o a prisoner who had been condemned to death. Accordingly, an offer was made to the individual in question, holding out the promise of the remission of his punishment, if he would consent to pass the night in the bed of a patient who four hours previously had been carried off by cholera. The prisoner consented, and was put to bed, and, after the expiration of some three hours, or less, he was seized with all the symptoms of cholera. He was attended immediately by several physicians, and ultimately, being a man of strong and vigorous constitution, was completely re-established. His astonishment was great, when he was informed that the bed was perfectly clean and pure, and that no cholera patient had ever lain there.

Henry Ward Beecher Indorses the President.

The Rev. Henry Ward Beecher took occasion on Sunday night to deny from his pulpit, in Brooklyn, the authorship of certain articles condemnatory of President Johnson's policy which had been attributed to him, and were doing damage to the cause of peace and restoration. He used the opportunity to indulge in one of his periodical political sermons, in which he gave his unqualified, indorsement of President Johnson, advocated forbearance and kindness towards the South, and declared that they must regulate negro suffrage for themselves, without the interference of the North. Still, he thought it would be better for the South to admit the freedmen to a full enjoyment of all the privileges of citizens. He thought with the President "that all measures for the relief of the blacks must have the cordial support and countenance of the South. We here cannot aid them; they are at arm's length, and it is not wise for the central General Government to attempt to regulate their affairs. The laws and interests of the Government and ourselves will prove of no avail if they are hostile and unpleasant to the white men of the South."

He thought the idea of Mr. Montgomery Blair in favor of negro colonization and separation from the white preposterous.

Speaking of General Lee, he said that he was pained to see the many unjust criticisms upon that gentleman on the occasion of his late installation as President of Washington College. He thought that during the war Gen. Lee conducted himself without unnecessary violence, and when he did more honest, quiet or honorable than he?" He hoped that General Lee would prosper in his new avocation, feeling sure that the youth under his charge would be well drilled.

STARTLING NASHVILLE NEWS.

NASHVILLE, Oct. 20.—A startling discovery has been made in this city within the last few days. A large number of thieves have been depredating around the city for some time past. All efforts to catch them have been unavailing until lately. It has been ascertained that there are five different caves under the city, which are occupied by thieves, burglars, and counterfeiters. The McNary vault in the graveyard has been put under guard, and the men set to work to effect an entrance into the cave. As fast as the earth is removed, fresh earth is thrown up from the inside of the cave. This is the same cave that Murrill and his gang occupied when engaged in running off negroes and horses.—The affair has been kept secret, but leaked out in spite of the military. A year ago it was reported that the McNary tomb was used as a place to store plunder, and it is commonly reported that a lake, covering five acres and very deep, is directly under the city. One man swears to have thoroughly explored the entire cavern, from one end to the other. A guard has been stationed over the Acklen and Harden tombs. The locksmith gives his opinion that the lock on the McNary tomb has been used recently. The entrance to the cavern is at the foot of Summer street. The military are determined to find out the outlet of the cave. The entrance looks like a fissure in the rock. The discovery originated from the fact that quite a number of murders have been committed in the immediate vicinity, which led to an investigation disclosing the above facts.

SPIRITUAL FACTS.—That whiskey is the key by which many gain an entrance into our prisons and almshouses.

That brandy brands the noses of all those who cannot govern their appetites.

That wine causes many to take a winding way home.

That punch is the cause of many unfriendly punches.

That ale causes many ailings; while beer brings many to the bier.

That champagne is the cause of many real pains.

That gin slings have "slewed" more than the slings of old.

SPECIE PAYMENT.—The New York Evening Post, in an article on Mr. McCulloch and specie payments, regards the recent speech of the Secretary as a fair warning to all concerned as to the policy to be pursue by the head of the Treasury, and thinks, despite the powerful influences of a strong debtor interest, who will, with the time for paying their dues in a depreciated currency prolonged, find in the unsettled state of the markets stimulents to their vocation, and of the national banks who will be obliged to contract their loans as soon as Government sets the example of paying its notes, that Mr. McCulloch will endeavor to carry out his policy. It says that amidst the boast of immense resources of our nation, we fill the country with lying promises to pay—a shameful state of things, which, if allowed to continue much longer, will bring upon us the contempt of the world. The article urges that the contraction of the currency should begin now, as, further extended, the hardships of a transition will be greatly augmented.

The Secretary of the Treasury has already complied with two of these conditions. He has commenced the contraction of the currency by the loan of fifty millions, which, as only an indication of his line of policy, has produced so much contraction; and he will probably recommend for legislation the subject of a gradual withdrawal of legal tenders. He has also commenced upon a system of gold deposits, the effect of which will be besides the facilitating the payment of duties, to accumulate a reserve of specie in the treasury to redeem legal tenders. As to a repeal of the legal tender act, it is very possible that this will follow the measures which are already inaugurated.

A CARD

To the Voters of Rowan County.

The undersigned offers himself as an independent candidate to represent you in the House of Commons at the ensuing Legislature. I deem it unnecessary to review my antecedents in connection with the late war, as they are too well known by you to require comments. If elected, I pledge myself to give to the administration of President Johnson the support it commands. I will use every exertion consistent with [illegible] patiot in all he rights and powers of a State, under the Federal Constitution.

As regards the election of other offices, the statement of any preference I may feel for candidates for any other office, would seem like dictation on my part, and I shall refrain from doing so, as I think every man should vote according to the dictates of his judgment and conscience.

I am uncompromisingly opposed to negro suffrage, restricted or general, in any manner shape or form.

If elected, I shall vote for a Commissioner to recover property belonging to the State, improperly taken during the war, so as to lighten your taxes as much as possible. I shall also favor the election of Magistrates, Judges, and other officers, by the people—as I regard the people the best judges of those who would suit them. I shall also favor hard work, short speeches and short sessions of the Legislature to lessen our exposes. I am a plain man, sprung from the people—one of yourselves—my feelings and sympathies are with the people—I think I understand them, and if elected, believe I can reflect their wishes. Your obt servant,

D L. BRINGLE.

SALISBURY, N. C., NOVEMBER 2, 1865

J. J. STEWART. EDITOR

ELECTIONS.

The Elections for Governor, Representatives to Congress, and Members of Assembly, Sheriffs and Clerks, will take place on Thursday, the 9th day of November, 1865.

National Union Andrew Johnson Ticket!

FOR GOVERNOR,
WILLIAM W. HOLDEN,
OF WAKE COUNTY.

FOR THE COMMONS,
DR. N. F. LUCKEY, AND
LUKE BLACKMER, ESQ.

That Test Oath Again.

We discussed in our issue of the 31st ult. the question, whether Dr. Ramsay could take the first clause of this obstinate test oath, and we think we demonstrated that he could not.

Dr. Ramsay was a member of the Confederate Congress.

Can he swear that he has "neither sought, nor accepted, nor attempted to exercise the functions of any office whatever, under any authority, or pretended authority, in hostility to the United States?" If he cannot then, as the law now stands, he cannot take his seat if elected—for the N. York Times a leading political journal and the peculiar organ of Mr. Seward, declares that this test oath will be required beyond doubt.

Some say that the requiring it is unconstitutional. The Congress which enacted, or has enforced the law, will hardly so stultify themselves, as to declare it so. Such a declaration would be tantamount to an acknowledgment that they had violated their oaths, given to support the Constitution. Some say they will repeal it. What evidence have we of that? President Johnson was appealed to on this very point, but so far [illegible] declined loyalty would be elected—and intimated as clearly as he could, that the law would be enforced.

Has any prominent man or newspaper, commanding the confidence, or supposed to reflect sentiments of the President or Congress, ever declared that members elect, would be admitted without taking the oath?

We therefore feel bound to caution the people against voting for ineligible candidates. It will prove a snare to the unwary, and a stumbling block in the way of a speedy reconstruction which all good men so earnestly desire—All our personal feelings are for Dr. Ramsay. We admire, respect, and honor him as a man—he is our county man. We do not even know Dr. Sloan, except from reputation—but this is no time to indulge personal partialities, or indeed to act upon any other idea than that of the public welfare.

The election of Dr. William Sloan, a straight Union man will be hailed by the North as a pregnant omen of our loyalty, and by it, we will have advanced a wide stride toward the haven of our hope.

Dr. William Sloan.

We had the pleasure of meeting Dr. Sloan, on yesterday. He was on his way to visit the good people of Yadkin, and counties adjacent.

The Dr. is an accomplished gentleman and if elected as we hope he may be, will reflect honor on his constituents. He will bend all the energies of his nature to secure for us the blessings of an early re-construction and having been a "straight" Union man all the while his suggestions will be received with courtesy and we have every assurance that his endeavors for us will be crowned with success, or at least that he can and will do all that any man could. It is conceded that his private character is without reproach and his public career everything that could be desired in our present emergency.

A German has introduced combats of women at Dresden.

ANY MORE!

We learn that Col. Walkup is a candidate for Congress in this District.—There seems to be a strange infatuation with gentlemen about running for Congress.

Colonel Walkup was a gallant soldier during the war and would no doubt under other auspices make a fair representative, but has he not given any "aid" to the rebellion? It would be WALK-UP until he reached Washington, and then in would be WALK-DOWN.—Wait a while Colonel.

MR. EDITOR—
Please announce in your paper, (the *Union Banner,*) the names of LUKE BLACKMER and PAUL A. SIFFORD, as the people's candidates, to represent Rowan County, in the House of Commons, in the next General Assembly, of North Carolina.

MANY VOTERS.

At the solicitation of many of my friends, my name was announced as a Candidate, for a seat in the Commons; but I have since concluded to withdraw it. My name is no longer before the people, as a Candidate.

J. P. MARLIN.

November 3rd, 1865.

TO THE VOTERS OF ROWAN COUNTY.

My name has been announced as a Candidate, for a seat in the House of Commons, but as there is a large number of Candidates, offering their services and for the purpose of having unanimity, I respectfully decline any further use of my name.

Respectfully,
J. S. GRAHAM.

CIRCULATE THE DOCUMENTS.

We are on the eve of one of the most important elections ever held in the State of North Carolina. The question is referred to the people, substantially do you support the present administration of the general government? and are you favorable to the steps recently taken to put this State back into the Union? advocate or the affirmative of both these questions.

Those of the people who are convinced this affirmative position is the only patriotic position to take at this time can serve their country in no manner more effectually than by lending their aid to increase the circulation and influence of the Herald. The Herald is the only unqualified supporter of the administration of President Johnson in this portion of the State. It will continue to support the administration as long as it shall be conducted on the patriotic and constitutional grounds that have signalize it thus far.

The friends of Hon. William W. Holden, and those who consider his administration of the office of Provisional Governor worthy of approval and who see in his election to the office of Governor the only guarantee for the early solution of our present difficulties and embarrassments, will bear in mind that the Herald is the only paper in Wilmington that supports and advocates his election. It behooves them to lend their efforts to increase the circulation and influence to that journal.

We are now printing, and shall continue to print until after the election, as large extra editions as our facilities will enable us to print.—Those of our friends in town who may meet friends from the country can serve the cause no more surely than by purchasing supplies of the Herald for general distribution through such mediums. It will be found a good campaign document. Let every patriotic citizen make it his duty to circulate the documents. Put the Herald promptly and frequently into the hands of every man whom it can be made to reach.—Let us see to it that New Hanover and the adjoining Counties speak this Fall for the NATIONAL UNION, ANDREW JOHNSON, AND THE LOYAL PEOPLE'S CANDIDATE, WILLIAM W. HOLDEN. Again we say, circulate the documents.—*Wil. Herald.*

SALISBURY, N. C., Nov. 2nd, '65.

A. MYERFIELD,

Is requested by the Citizens, of the upper and lower part of Rowan County, to announce himself as a candidate for the House of Commons, to serve them in the next General Assembly, and will speak at the Court House, to-morrow at ten o'clock, and will give the gentlemen of Salisbury and Rowan, the feelings, of his heart. Also will speak at Bringle's Ferry, on Saturday the 4th of November.

A. MYERFIELD.

COL. BROWN AND DR. SLOAN.

These gentlemen are candidates for Congress, Col. Brown in the Fifth Congressional District, and Dr. Sloan in the 6th. Col. Brown has some opposition in the person of Lewis Hanes, but his election we deem certain. Conspicuous for his Unionism in the convulsions of '60 and '61, Col. Brown preserved his integrity during the war, lending himself to no chimerical schemes, but striving to allay the strife and to restore the people to reason and the nation to harmony.—Col. Brown richly deserves the suffrages of the Union voters of the Fifth District. His reputation is national, as his presence in the hall of Representatives, battling for the Union, would call to mind his efforts in the same place for the same purpose in the days of Jackson. The South needs such Representatives as Col. Bedford Brown, who now remains to us as a relic of the purer days of the republic. Nor is there a clearer head or warmer heart in the State than his.

Dr. Sloan is known as a Union man, who kept his garments unsullied. We trust that he may be elected. His honorable and manly course and his recognized talent made him a conspicuous and worthy member of the late Convention. No better Representative than Dr. Sloan could be chosen by the people of the 6th District. He can take his seat at once. It is all important that some of the Southern delegation should be able to do this, and the people of the 6th have an opportunity of sending such a Representative to Congress. His opponent, Dr. Ramsay, has declared for Mr. Worth; Dr. Sloan the national Union candidate, declares for Gov. Holden. Let the friends of the Union, those who love liberty and seek an early restoration of the Union, vote for Dr. Sloan. Let the factionist, who desires to *stay out* of the Union, vote for Dr. Ramsay. Our friends of the *Democrat,* and *Banner* are exerting themselves for Dr. Sloan. It will be a good work to elect him by a heavy majority. We rely upon the good sense and patriotism of the voters of the 6th District to send Dr. Sloan to Congress. We believe it will be done.—*Ral. Standard.*
